PROBLEM STATEMENT

- Lack of a **centralized platform** to showcase personal skills, education, and achievements.
 - Difficulty in **presenting professional details** effectively during job search or networking.
 - Need for an **online presence** to stand out in the competitive IT field.
- 

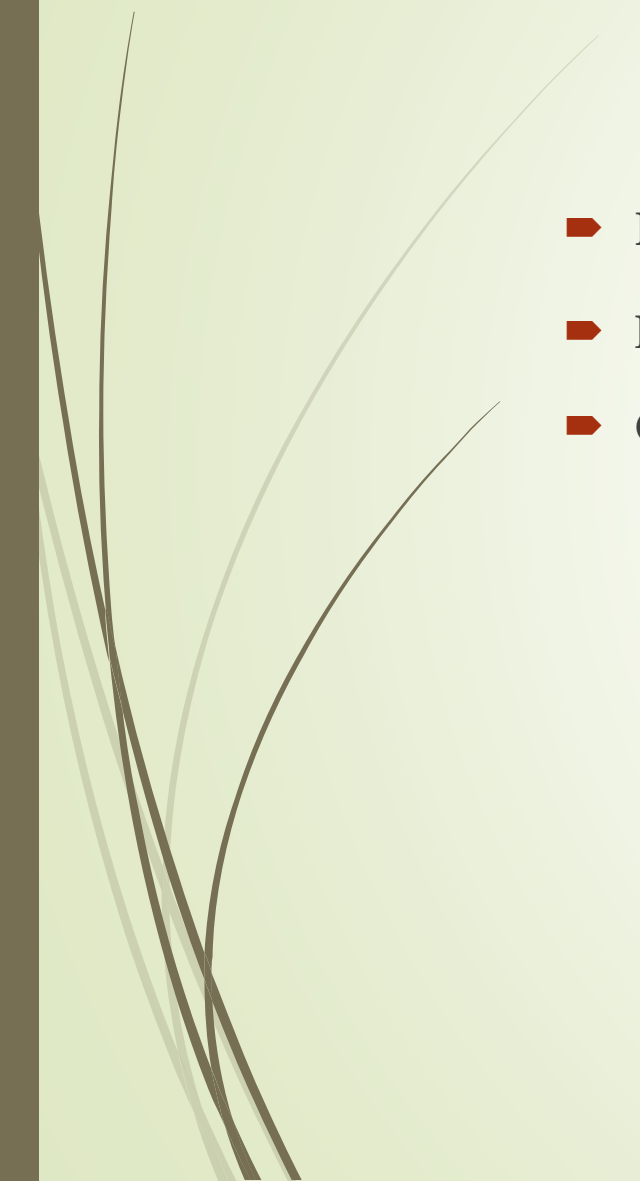

PROJECT OVERVIEW

- Developed a **personal portfolio website** with sections for introduction, skills, education, and contact.
- Built with **responsive design** for accessibility across devices.
- Integrated **smooth UI animations** and clean layout for better user engagement.

END USERS

- **Recruiters & Hiring Managers** – to evaluate technical and educational background.
 - **Peers/Collaborators** – to connect and explore project/skill-based collaborations.
 - **General Visitors** – to learn more about professional profile and expertise.
- 

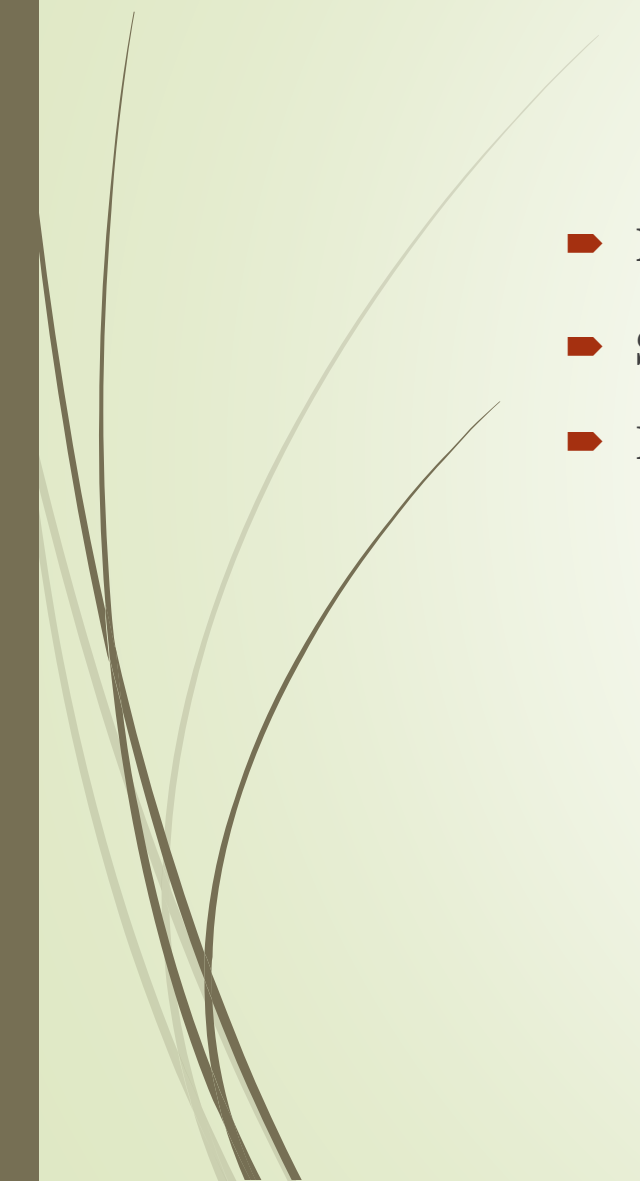

TOOLS AND TECHNOLOGIES

- **Frontend:** HTML5, CSS3, JavaScript.
 - **Version Control & Hosting:** Git, GitHub.
 - **Design & Styling:** Responsive CSS layouts, transitions, and animations.
- 

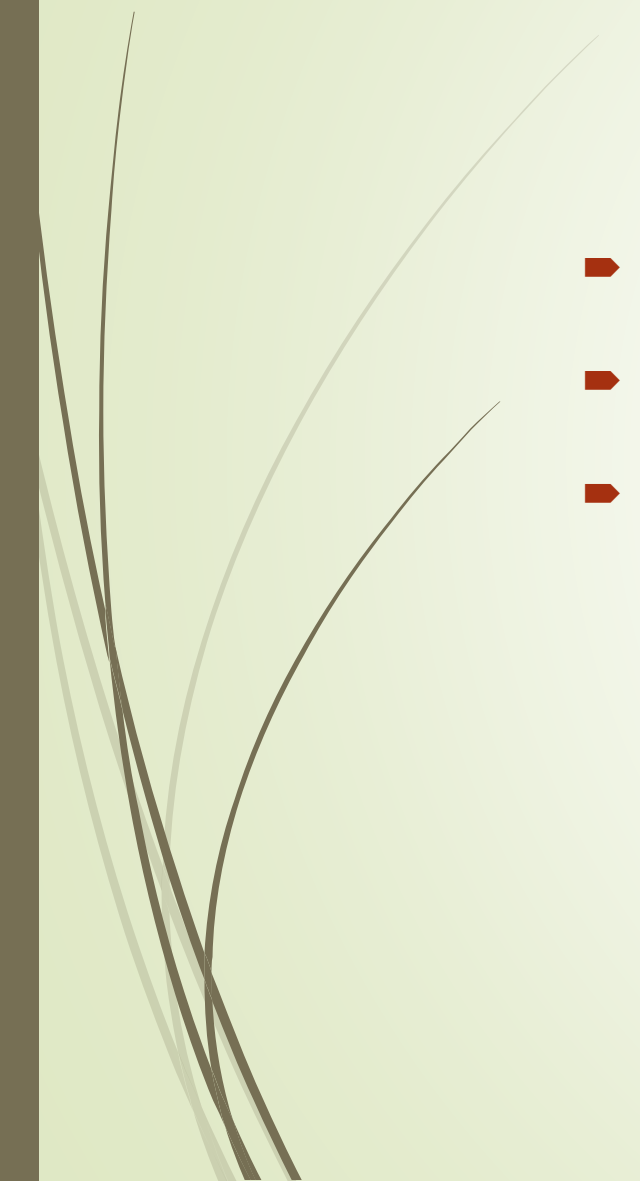

PORTFOLIO DESIGN AND LAYOUT

- 
- **Homepage with navigation bar** for quick access to all sections.
 - **Structured pages** – Skills, Education, Contact – designed with clarity and readability
 - **Responsive and clean UI** with consistent color theme and typography.

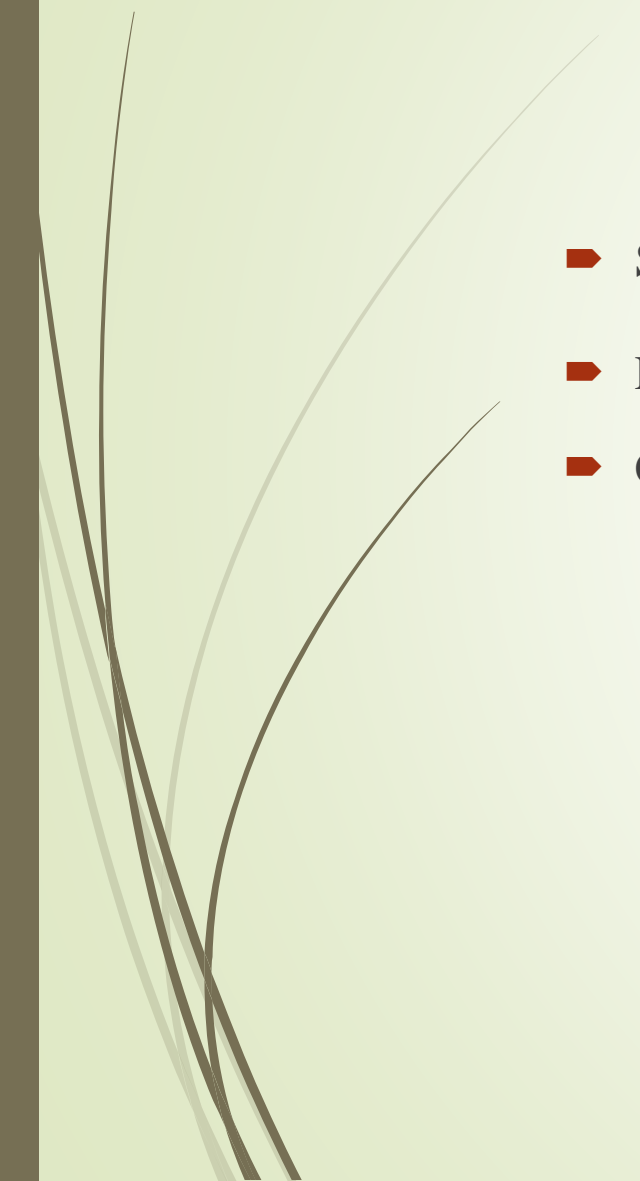

FEATURES AND FUNCTIONALITY

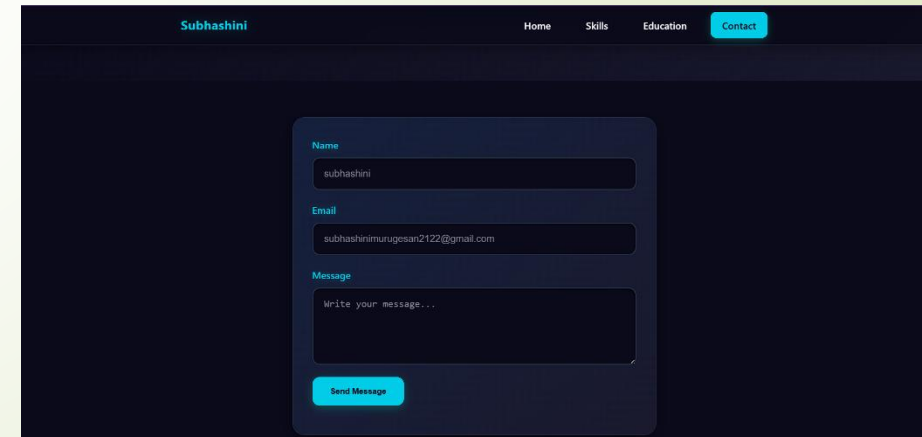

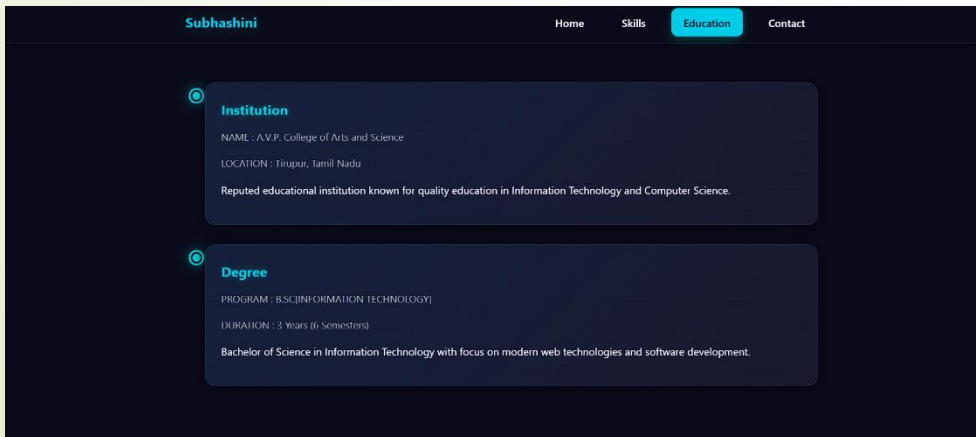

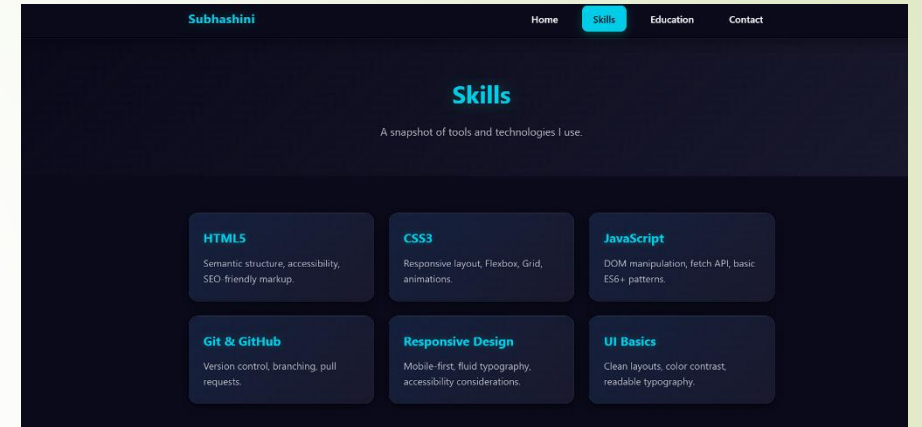

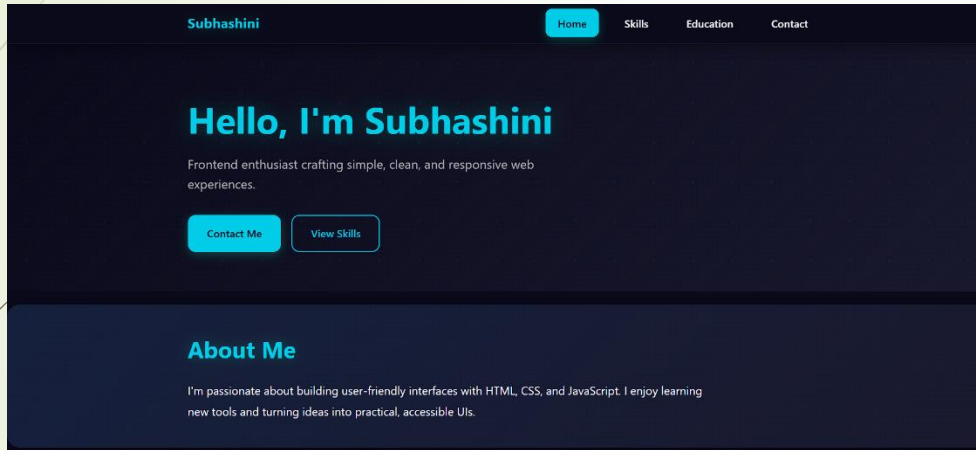

- **Interactive navigation** with smooth scrolling between sections.
 - **Skill showcase** with categorized technical abilities.
 - **Contact form integration** for easy communication.
- 

RESULT

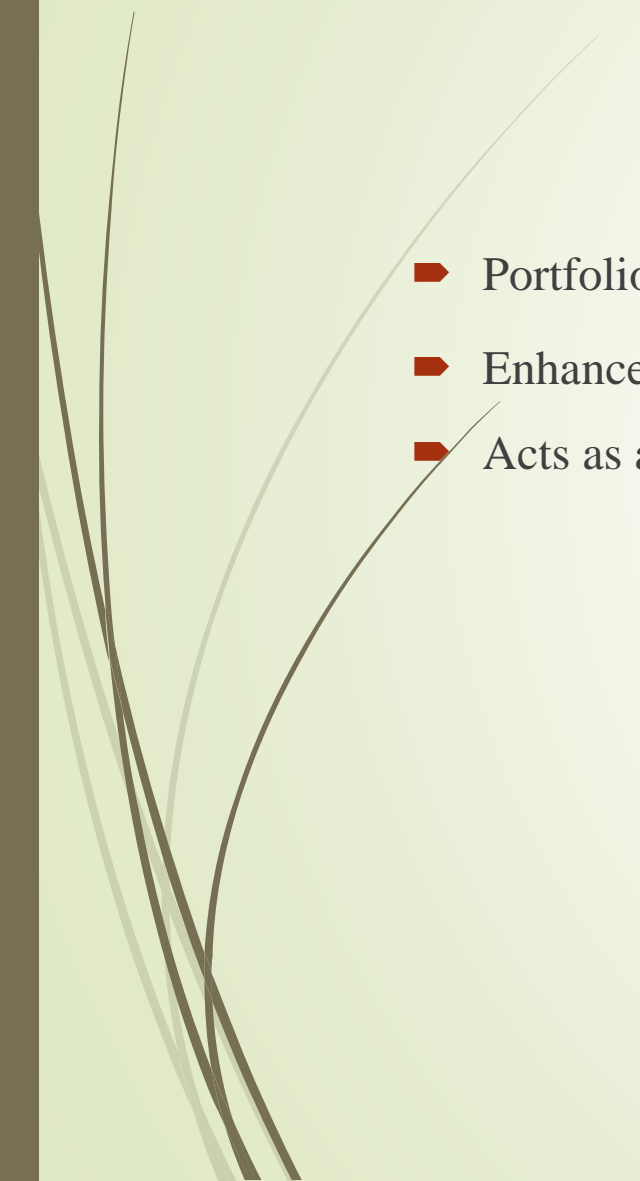

- Successfully deployed **functional personal portfolio** website.
 - Ensured **cross-device compatibility** with mobile-first responsive design.
 - Clean **visual representation** of skills, education, and contact details.
- 

SCREENSHOT

CONCLUSION

- Portfolio provides a **professional digital identity** for career opportunities.
 - Enhances **personal branding** through an organized online presence.
 - Acts as a **foundation for future projects** and advanced portfolio updates.
